

MasterX™ Tethered IGZO Series

POWERED & SUPPORTED BY VOYANCE®

Reliable & Fast IGZO technology.
User Friendly & Ergonomic Design
Easy integration

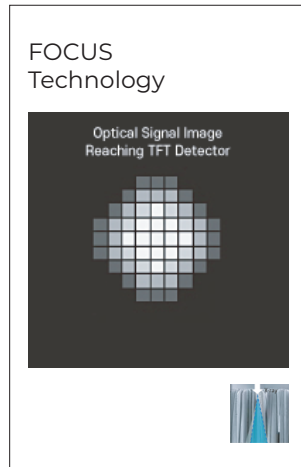

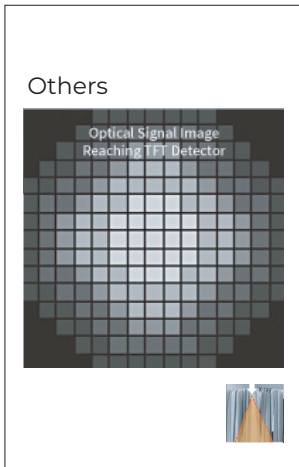

Ultra low noise

FOCUS Scintillator

TRUEVIEW® Art

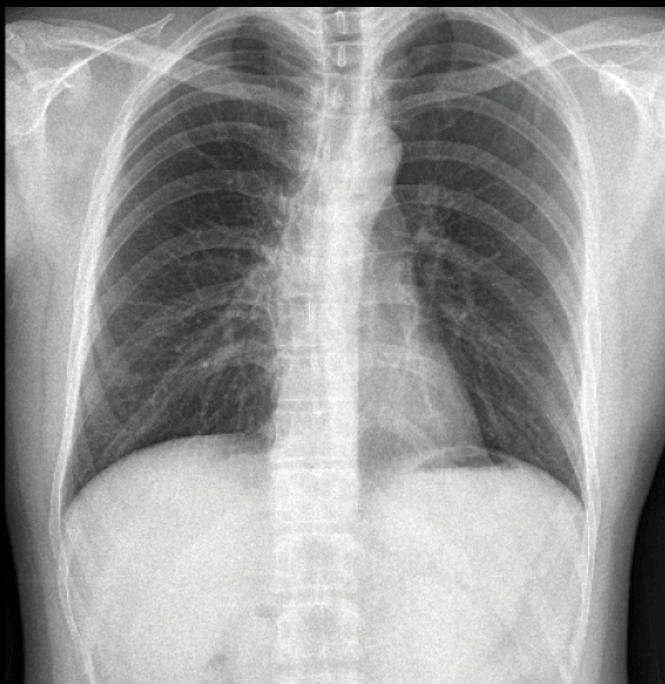

FOCUS Scintillator Technology

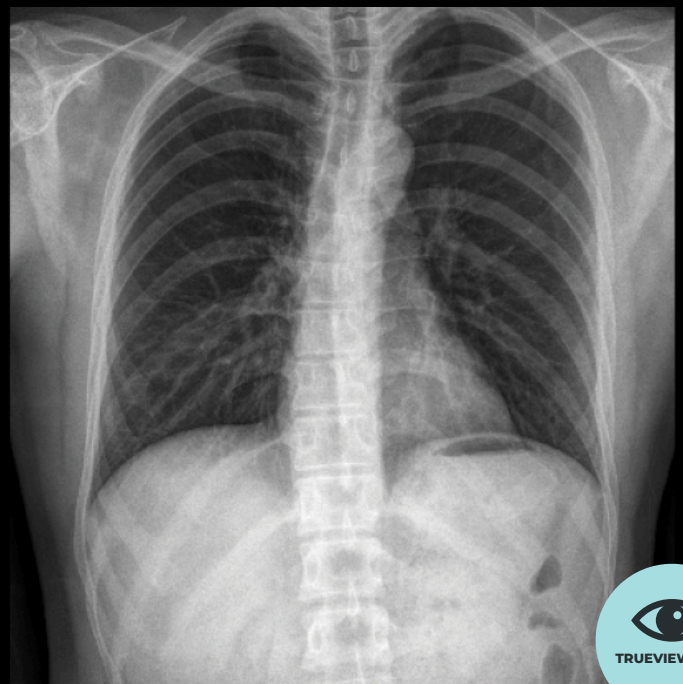

FOCUS (Fluorescent Optical Csl Upgraded Structure) has more focused optical signal compared to conventional Csl. As a result, ultra low noise is achieved by FOCUS technology.

Maximum Diagnostic Accuracy

Less advanced DR

QX-Platform

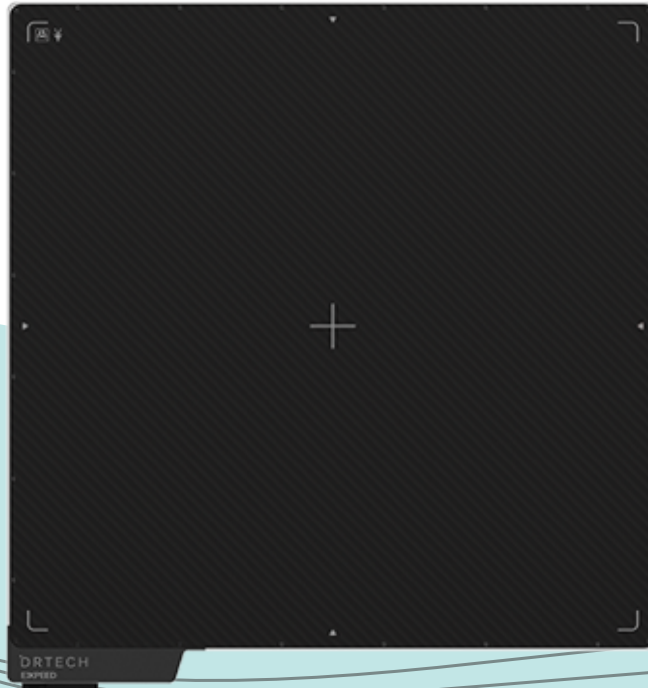

In the same conditions: 110kVp 200mA 3.2 mAs SID 180cm with fixed grid (103LP Ration 10:1)

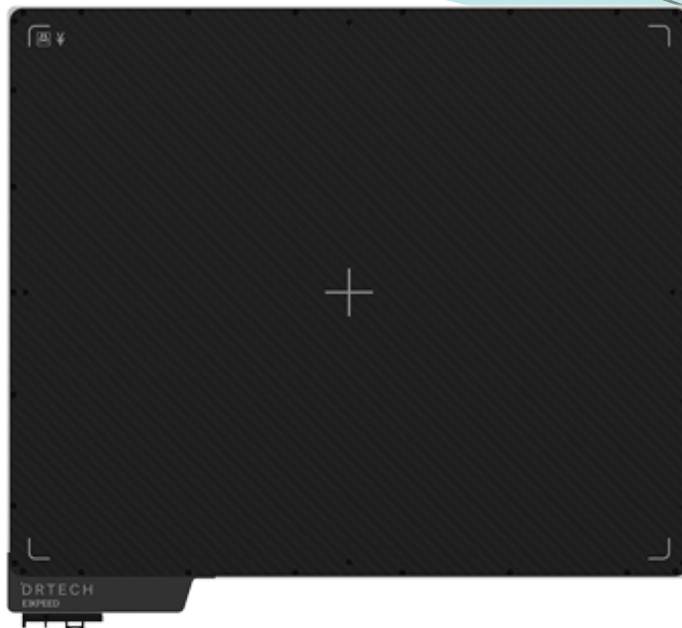

Available **Sizes**

17" x 17"

14" x 17"
